

Winning James James Kitchen!

Winning kitchen appear's in Beautiful Kitchens magazine

The winning kitchen in the Over £20,000 category of the MasterPartner Excellence Awards 2010 has appeared on the pages of the June issue of leading home interest title, Beautiful Kitchens magazine.

The kitchen designed by Dominique McLaughlin of James James Kitchens in West Kirby won the Award in 2010. The kitchen was designed for their customer, Lawrence Houghton who worked with Dominique on the kitchen of his dreams.

Here at Neff we loved the kitchen because of the installation of the bank of appliances, including one of the SlideAway door single oven and fantastic CircoSteam combination oven. The design shows how the appliances line up beautifully in this style of installation.

"Texture and colour are used to stunning effect in this kitchen - I particularly love the way the white floating cupboards on the dark wood bank is reflected by the white tops on the wood finish island. Simply gorgeous."

Ysanne Brooks - Editor, Beautiful Kitchens

We're delighted that the kitchen has been featured in the June issue of Beautiful Kitchens. [View the Beautiful Kitchens article.](#)
